

Theatre Hires Tech Spec

Stage Dimension: 6m x 3m

Capacity: 80

Tech

Lighting

An open white full stage wash will be provided as standard.

Other facilities may be available. When productions take place over in-house shows, the rig in the space may be used but may not be re-gelled or focussed.

Other minimal lighting requirements may be catered to, within allotted time and depending on resources on arrangement with the Technical Manager.

Items available at extra cost on arrangement with Technical Manager and subject to availability:

Per additional stage wash	£10
Specials	£5
UV Cannon	£5
Fog/Haze	£10

Sound

Speaker positions change location depending on the shows, but are normally from either up-stage or downstage corners. Playback is via mini-jack.

Additional input is dependent on the in-house productions, but there are normally a couple of available inputs for mics/musicians.

Items available at extra cost on arrangement with Technical Manager and subject to availability:

2x Wired SM58 Mics	Free
2x mic stands	Free
4x Sennheiser radio mics with headsets	£20/each
CD or Minidisk playback	£5
Foldback	£10

AV

Projector and screen	£10
DVD Player	£5
Qlab video licence (if required)	£5
